MURPHY HITS WORLD LEAGUE IN ADDRESS ON ROOSEVELT DAY

Congressman Is Principal
Speaker at Assemblage of
Republicans.
250 ATTEND CELEBRATION
Honor Late President at Meet-
ing at Buckeye Country
Club.

Alluding to the league of nations as a "damnable covenant" and referring to President Wilson as "the great egotist," Congressman B. Frank Murphy of Steubenville was applauded by an audience of 250 or more Columbiana county Republicans Monday afternoon at the Buckeye club.

Despite inclement weather, a representative gathering of G. O. P. adherents heard Congressman Murphy's address, the occasion being in observance of Roosevelt Memorial day.

Attorney Ben L. Bennett of this city introduced Lodge Riddle of Lisbon, who delivered a brief address. Congressman Murphy, the principal speaker of the occasion, followed Mr. Riddle. Music for the afternoon was furnished by a jazz orchestra from this city. Lunch was served at 4 o'clock in the club house.

"This day," Congressman Murphy began, "is typical of the world today toward America. A few months ago they looked to us with shining eyes of expectancy, but now they are viewing us under a different light."

Turning for a minute from the subject, Mr. Murphy paid a beautiful tribute to the great American, Theodore Roosevelt.

He said in part:

"Today we commemorate the birth of the great American and it is fitting we should take a few minutes to think of him. Shall we remember him as a great political reformer or a great president, a great writer, a great naturalist, a ranchman associating with the cowboys on the plains of the west, as can American home man with thought of wife and children or because he loved America? At least say that Roosevelt was an honest American."

Mr. Murphy hit internationalism a heavy blow which caused a round of loud applause. "Those in high places," he said, "have been endeavoring to mislead the people of this country and the country has been menaced as never before by internationalism. Our boys were sent overseas to fight for any damnable league of nations. The league of nations was brought back to the United States

COUNT AGAINST L. A. THOMPSON

Armour Co. Branch Head
Charged with Violating
Cold Storage Law.

A charge of violating the Ohio cold storage law was preferred Tuesday morning against L. A. Thompson, manager of the East Liverpool branch of Armour & Co.

Thompson is charged with having kept 102 pound of beef in cold storage here for a period of eight months and 16 days. The state law limits the storage period for meats to six months.

The charge against Thompson was filed by Frank A. Fisher, inspector for the Ohio department of agriculture. A hearing in the case was set for 8:30 o'clock Tuesday night before Mayor J. S. Wilson.

Local storage plants were given a clean bill when inspected by Prosecuting Attorney Walter W. Beck and Assistant Prosecutor Jesse Hanley during the county-wide probe into the high cost of living a few months ago.

HUGE WAVE HURLED STEAMSHIP CITY OF MUSKEGON INTO PIER

Force of Impact Crushed Side of
Ship Which Goes to Bottom Five
Minutes After Accident Occurs--
Many Passengers, In Night
Clothes, Leap to Safety.

MUSKEGON, Mich., Oct. 23.—Twelve persons are known to have been drowned, Coroner Jas. F. Balbrinnee announced at noon today, when the Crosby Line steamship City of Muskegon was driven broadside against a pier here early today and sunk by a gale which swept Lake Michigan. The coroner announced that the death list may reach twenty.

The bodies of ten of the victims have been recovered. Seven members of the crew have been identified and the bodies of three unidentified women have been washed ashore. Two others, the coroner said, are known to have perished.

The dead are:
JOHN LYNCH, Milwaukee.
ARTHUR DE WITT, Milwaukee.
ALFRED HOUGH, Billings, Mont.
MRS. JESSIE HOPKINS, Muskegon.
MRS. AGNES JOHNSON, Muskegon.
JOHN ARMSTETER, Manistee.
HARRY REESE, Milwaukee.
SAMUEL KAROWITZ, Muskegon.
JOSEPH KOSKI, Muskegon.
THREE UNIDENTIFIED WOMEN.

Attempts at Rescue Impossible

Twenty-two out of thirty-seven passengers have been accounted for. The others are missing and may have been drowned or may have been rescued and taken to homes or hotels near the harbor. The passenger list went down with the ship and this has added to the difficulty of estimating the number of victims.

A strip of beach four miles long is being patrolled today in the vigil for bodies that may be washed ashore.

The City of Muskegon lies entirely submerged just off the end of the pier against which it crashed. Dynamite may be necessary, harbor authorities declared, to remove the ship and clear the channel so that other boats may reach the harbor.

A terrific gale from the northwest had driven the boat all night long on its trip across the lake from Milwaukee. The vessel was just heading into her pier when the gale lifted a tremendous wave that drove the boat broadside against the dock where she hung and was smashed to pieces by the sea.

Captain Edward Miller and First Mate Hallman ordered the passengers and crew to leap to the pier and many of them clad in their nightclothes, made the leap in safety. Another wave, however, struck the boat and she went to the bottom five minutes after she struck the pier.

But for the fact that the boat hung to the pier for several minutes it is believed all the passengers and crew probably would have been drowned. It was impossible to launch a boat to attempt any rescues, but several bodies were recovered by the coast life guard.

The City of Muskegon, formerly known as the Holland, had been in service on the Great Lakes for twenty years. She was a side-wheeler.

READY FOR RED CROSS ROLL CALL

East Liverpool Women Or-
ganized for Mercy Member-
ship Drive Which Will Be
Launched Sunday.

Exhibiting the same interest in work that marked their sewing room activities during the war, East Liverpool's women are planning a whirlwind week's cleanup of its quota in the coming Roll Call drive November 2-11.

Under the direction of Mrs. C. A. Ferguson appointed city chairman of the city's drive forces, a canvassing staff has been organized to invade every voting precinct in the city for American Red Cross members.

There are at present about 5,000 enrollees. Of this number several hundred members of the Red Cross in East Liverpool are school children enrolled in the Junior Red Cross. An effort will be made to increase the number of adult memberships to 10,000 and the Junior Red Cross to 5,000.

With the knowledge that one-half the funds derived from membership fees in the Red Cross drive here will go toward Red Cross work in East Liverpool, the bulk of the city's entire population will be solicited.

Discussing the wartime activities of the Red Cross women, a periodical says:

If the American business men gave the Red Cross its business stability, the American women gave it its speed. Headquarters issued orders for Chapter manufacture, based on advices from Europe and distributing centers

at home, and the women of the Chapters consumed the orders and clamored for more. There were periods when the most serious Red Cross problem was how to supply Chapter women with enough material to satisfy their gluttony for work. Had there been a Chapter strike, it would have been for longer hours and harder work. The men had gone to war, or were preparing to go, and the women resolved to go with them as far as they could. They rolled their hearts and hopes into bandages, and knitted their loyalty into socks and sweaters, and stitched into refugee garments their compassion for the women and children of friendly nations ravaged by war. Since Adam delved and Eve span, there was never witnessed an army of toilers quite like these Red Cross Chapter women.

BEAVER COUNTY OFFERS REWARD FOR ARREST OF BANK BANDITS

Price of \$500 on Head
of Each of Rob-
bers.
SEARCH IS RENEWED
Funeral of Slain Bank Di-
rector Held In Beaver
Falls.

Search for the three bandits who robbed the State Deposit bank, Beaver Falls, Pa., of \$9,000 in currency, killed a director and wounded the cashier Friday afternoon, was stimulated Tuesday when rewards aggregating \$1,500 were offered by the Beaver county commissioners.

A price of \$500 has been placed on the head of each of the robbers. Directors of the bank are contemplating voting an additional reward for their apprehension, it was stated Tuesday.

The hunt for the bandits has now spread to a score of western Pennsylvania towns. A dozen clues have been run down by Beaver county authorities but the trail of the daring crooks apparently has ended abruptly in the woods near Ohioville, Pa.

That the robbery of the Beaver Falls bank had been carefully planned before it was executed was discovered Tuesday when police learned that one Pittsburgh automobile had been rejected by the three men after it had been given a tryout on a three mile jaunt through the Northside, Pittsburgh. The machine, the bandits told the driver, "rattled too much."

The driver of the first car, giving his name to police as Armstrong, then drove the machine back into Pittsburgh and A. J. Bergman, another Pittsburgh chauffeur was hired. Bergman is still being held by Beaver county authorities in Beaver following his arrest a few hours after the bank was robbed.

Business was suspended in Beaver funeral of Vincent Sakradda, slain bank director. All six banks of the town were closed, as were stores and business houses. The services in Holy Trinity Polish Catholic Church were attended by hundreds of friends and business associates. During the 30-years' residence at Beaver Falls the dead merchant-banker built up a large circle of friends.

Beaver Falls police are working on several clues. One was that the robbery was planned by a former resident of the town. According to the officers,

SENATE TO HIT WILSON VETO OF DRY BILL

Five to One Vote Against
President's Action on Prohi-
bition Enforcement Measure
Predicted in Upper House.

BULLETIN

WASHINGTON, Oct. 28.—President Wilson will lift the wartime prohibition ban as soon as the peace treaty is ratified, it was stated at the white house today.

The president will not lift the ban until the treaty is ratified, irrespective of whether congress overrides his veto of the prohibition enforcement act, it was stated.

WASHINGTON, Oct. 28.—A request for unanimous consent to consider the president's veto of the prohibition enforcement act made by Senator Sterling, Republican, South Dakota, was blocked in the senate afternoon. Senator Hitchcock, administration leader, opposed immediate consideration of the vetoed measure when senator Sterling made a motion that the senate take it up.

Hitchcock argued that the senate was in "open executive session" for the purpose of acting on the German

PROBE SHOOTING OF TOM MARTANI

Inquest Held Tuesday Over
Body of Man Slain at Smiths
Ferry, Pa., by State Trooper

Inquest over the body of Thomas Martani, Youngstown Italian who was shot and instantly killed by a member of the Pennsylvania state constabulary on the Beaver County bridge near Smith's Ferry, Pa., last Saturday morning during a search for the three bank robbers who rifled the State Deposit bank, Beaver Falls, Pa., will be conducted Tuesday in Beaver by Beaver

peace treaty and the senate could not there fore consider "legislative business."

"We are here to act on the peace treaty," Hitchcock said. "I hope the senator from South Dakota will not press his motion at this time. To do so would mean delay. The country demands action on the treaty."

Senator Robinson of Arkansas objected to the unanimous consent request.

Senator Sterling subsequently offered a motion that the senate "return to legislative business" to consider the vetoed bill. Hitchcock contended the motion was debatable. Senator Nelson, Republican of Minnesota, contended it was not. Senator Lenroot, Republican, of Wisconsin, who was presiding, ruled it was debatable.

Senator Underwood, Democrat, of Alabama, said he would vote to sustain the president's veto as he believed the main question was the "enforcement of law."

"The reason the president vetoed war-time prohibition was because those who proposed it, broke faith because they proclaimed to the country they were not in favor of drastic destruction of private business and property; that they were in favor of giving the men engaged in the liquor business an opportunity to wind up their affairs," Senator Underwood said.

The president vetoed the bill because he "evidently believed the measure to be an improper one," Senator

LABOR CIRCLES FEEL WALKOUT WILL OCCUR ON NOV. 1 AS SET

Prediction Made Strike Will
Spread to Other
Fields.
SITUATION IS CRITICAL
Washington Expects This
Will Be Turning Point In
Unrest.

By Wm. PHILIP SIMMS.
WASHINGTON, Oct. 28.—Despite the repeated assertions of Acting President John L. Lewis, of the United Mine Workers of America, that the great soft coal strike must and will go into effect at midnight Friday unless the operators make concessions—which they insist they will not make—government circles today remain optimistic.

In labor circles, however, this feeling is not shared in any marked degree. The feeling there is that the strike will be called on scheduled time and they predict that it may spread to other fields than their own.

One thing is certain: The situation is considered as very critical and only by the most skillful handling of it by all concerned—government, operators and miners—can one of the greatest disasters that ever visited the country be averted.

All eyes here are on Indianapolis where Lewis is expected to arrive today, coming from Springfield, to assume active and personal command of final preparations for the strike. Tomorrow at 10 a. m. the executive board, the miners' scale committee and delegates from about 25 presidents of district miners' union, will meet and formulate a "suitable" reply as they term it, to President Wilson's proclamation.

Tomorrow, Washington seems to feel—and if not tomorrow, this week—must prove a turning point in the great wave of unrest now sweeping the United States.

YORKVILLE, O., Oct. 28.—"It is too late to recall the order for the coal strike," declared A. R. Watkins, representing the eastern Ohio sub-district, United Mine Workers of America, on international executive board, enroute today to Indianapolis to attend tomorrow's session of the executive committee to formulate an answer to

LOCAL CASES IN U. S. COURT

Two East Liverpool Girls
Called to Testify Before
Federal Grand Jury.

Two East Liverpool cases involving eight local people, will be heard before the federal grand jury which convenes this week in Cleveland.

Subpoenas were served Monday by United States Marshal Connors of Cleveland on Alta Snow and Mildred Kinsey, East End girls, who figured in a runaway several weeks ago with Charles Burns and Chester Woods, local men. The two girls will appear before the grand jury Friday in connection with charges confronting Woods and Burns, who were arrested in Manhattan, Kan., on information furnished federal agents. The latter were caught in Pueblo, Col.

Charges growing out of the seizure of a truckload of contraband liquor by Jefferson county authorities just east of Steubenville, alleged to have been en route from a point in Pennsylvania to Steubenville, now confronting Sol Ostrow, former East Liverpool liquor dealer, Peter Milliron and two of the latter's employes, also will be investigated before the federal grand jury this week.

COUNTY NEWS

SUES FOR INSURANCE CARRIED ON HOUSE

Harry Potts of East Liverpool has sued both the St. Clair Township Mutual Insurance company and the Township Line Mutual Protective Association to collect \$800 alleged to be due on a house that burned on his farm property near that city. Both companies had insured the building for the same amount. The second policy was issued under the impression that the first one had expired or not been transferred. The St. Clair case is on before Judge Moore. Neither company will compromise with the other and the liability is to be determined in the courts.

Jury Is Excused

The jury in common pleas court was excused Tuesday morning by Judge J. G. Moore until November 10. The only cases to be tried this week are to be heard directly by the judge. Owing to the illness of Judge Moore, who is suffering from a cold, there will be no cases heard after the assignment for Tuesday.

CITY SOLONS WILL MARCH IN YANK PARADE

Given Place Immediately Behind Police Who Will Head Procession.

BRIEF MEETING IS HELD

Ordinance Boosting Auditor's Salary Placed on Second Reading.

Given a place of honor near the head of the column, members of city council Monday night arranged to march in the military street parade that is to inaugurate East Liverpool's soldier reception next Friday.

City officials will march directly behind Chief of Police Hugh McDermod and his squad of patrolmen in uniform. City council was instructed Monday night by President George Goppert to meet at the Y. M. C. A. at 1 o'clock and proceed to the mobilization point in a body.

Records for brief meetings were shattered Monday night when council remained in session less than half an hour. But one new measure was submitted, a resolution authorizing the Chesapeake & Potomac Telephone company to transfer a city phone from the Klondyke fire station to the main water works and the telephone from the fire chief's office and the West End fire station to the city water works office. This change, Safety Director G. L. Brokaw told city council, will mean a saving of several hundred dollars in telephone service fees.

At the suggestion of pottery manufacturers along the River road, City Solicitor R. G. Thompson asked council Monday night to instruct the city engineer to locate the stakes for the proposed concrete improvement along the River road. Considerable filling work could be accomplished this fall and winter along the thoroughfare by adjoining potteries if the right of way is clearly outlined, it was explained.

An ordinance establishing the city auditor's salary at \$140 per month, effective the first of the year, was passed on second reading Monday night. The measure was blocked from passage under suspension of rules at the preceding meeting through opposition by three councilmen.

At the request of E. E. Spivey, who appeared before city council Monday night, City Solicitor Thompson was authorized to draw up a resolution providing for the sewerage of Fawcett street.

this man was seen the afternoon preceding the robbery in the vicinity of the bank. He is a one-armed man and it is said served a penitentiary sentence for bank robbery. The authorities have been searching for this suspect since the post office at Indiana, Pa., was robbed several days ago. Chief of Police Cain of Woodlawn, has notified Beaver Falls authorities of the arrest of a one-armed suspect there.

Authorities at the village of Darlington, nine miles from Beaver Falls, appealed to the latter city for assistance in running down a clue, the nature of which was not revealed. State troopers left Beaver Falls to investigate.

County Detective William Coulter Monday went over the scene of Friday's exciting occurrences, guided by Chauffeur Bergmann, who was taken from the county jail at Beaver to Beaver Falls, for that purpose.

Three suspects arrested at Colons, near Monaca, have been lodged in the county jail.

Two divorce cases have been filed in common pleas court. May Frey of Columbiana, has sued Henry Frey for divorce, charging that her husband has neglected to provide for her and that his present place of residence is unknown.

Clara Rowley of East Liverpool has sued Martin Rowley for divorce. They were married in 1917. The wife charges failure to provide and cruelty.

Purchases Carload of Potatoes Employees at the Thomas Chas. company plant, Lisbon, have ordered a carload of potatoes from Michigan that are to be sold at 31.70 per bushel, which shades the local retail price about 25 cents on the bushel.

Mr. Elliot, until recently chief counsel for the department of banks of Ohio, resigned and will enter the law practice at Cleveland in the firm of Wolfe and Elliot.

MURPHY HITS

wrapped up in the peace treaty and was the most damnable proposition ever brought here to enslave and bind to the war wheels of Europe the young manhood of our country. I am proud that I am an American. For America gives to all an opportunity, and it gives to the ragged boy of the street the same opportunities as to the boy of wealth.

"They say that our country is rocking in danger, but I do not see that side of it. I see the bright, rosy future because I am looking in the face of intelligent men and I believe in telling those who are not satisfied with this country to take the first boat back to the country from whence they came."

Congressman Murphy paid a high tribute to men like Senator W. G. Harding and others who have "put Wilson on his back when they put questions to him that he could not answer on the league of nations proposition."

He referred to a copy of the 14 resolutions he had in his pocket which he stated if added to and written into the league of nations would make America safe. He answered the argument that the league should be accepted because "we are our brother's keeper."

Human nature, he pointed out, is the same today as it was hundreds of years ago. It does not change. "Our president," he said, "went to Europe with his head in the clouds and his feet treading foreign soil and he came back here thinking to take the whole world under his wing through the league of nations."

Continuing he said: "We find that the allies have proportioned the loot of war between them, but what was America—nothing but sad homes as the result of the horrors of war." He pointed out that over 4,000,000 men gave up all they had; not only that but took out government insurance with deductions from their pay in Liberty bonds and other allotments, so that the people at home would not bear so great a burden of taxes.

"At the peace conference, the allies had fourteen bright, brainy men and we had one big idiot. Do you realize how the country has been managed? England got all she wanted out of the war; France got Alsace-Lorraine and other territory; England and Belgium received territory. It was loot that was bargained and bargained for before the United States got into the war, and the egoist who represented America said that he did not know anything about it. We did not send him; he sent himself and he did not take any one with him. Do you blame the United States senate for taking so much time to look over the proposition he brought back?"

He cited Senators Harding of Ohio, Borah of Idaho and a number of others who through all the turmoil had upheld the principles of Americanism and because they had upheld these principles had been called "pigs" by Wilson.

"You have now," he continued, "the greatest opportunity of winning back this country. You have the opportunity to keep the country right and I believe that you will do it."

The report that labor would be conscripted and put to work was denounced by the speaker, who declared that such things were put down in 1861-1865.

"This nation will be safe," continued the speaker, "if we do not enforce coercion. This great egoist has poisoned the minds of the people of the world by making them believe that the millennium has come."

The speaker brought out in his closing remarks the thought that all clubs organized should be founded on Americanism, and he made a plea to give all an equal right, for there were, he said, no classes in America; that we were all workers and all in one class; that those who did not work were called as "bums."

In closing he asked that all get interested in American politics and not to make hasty decisions on the great events of the day, but to use careful and sound judgment.

Lodge Riddle, in his address, declared that the time was now ripe for Republicans to get together and not wait, as they have in the past, until a couple of weeks before election to launch an active campaign.

President Wilson's appeal to the miners to continue work.

Watkins expressed the belief that all mine work will cease Friday evening.

He said he did not believe the miners will return to work until after a settlement has been reached. Such refusal to work would make it impossible to continue coal production while further efforts were being made to arrange a new wage scale.

PAYS TRIBUTE TO DOUGHBOYS

Large Crowd Hears Address by Col. Dan Morgan Smith.

Warm tribute was paid the American soldier by Colonel Dan Morgan Smith, famous soldier-orator and former commander of the "Battalion of Death," in an anti-saloon address delivered in the auditorium of the First Methodist Episcopal church Monday evening.

Col. Smith who is touring Ohio in the interests of the Anti-Saloon league of America, returned to civil life but a few months ago after many thrilling experiences overseas. In his address Col. Smith painted a vivid picture of life in the trenches in France. He told of several engagements in which his detachment participated and related many tales of heroism and bravery displayed by the American soldier under fire.

Referring to the mission on which he was now embarked, Col. Smith declared it to be the duty of every American soldier to register a vote against the liquor traffic. While America's 4,000,000 soldiers were in France offering their all on the altar of democracy, the liquor element in America was giving freely of their funds to foster the spread of German propaganda back home he declared.

Thomas Hindle, chairman of the Columbiana County Dry Maintenance league, presided at the meeting. A large crowd greeted Col. Smith despite the unfavorable weather. Col. Smith Tuesday was awaiting instructions from Anti-Saloon League headquarters to proceed to another city in this section of the state.

Rev. Dr. Charles Shelton of Pittsburgh will formally conclude the prohibition campaign of the dry forces in East Liverpool next Thursday night when he delivers an address in the First Methodist Episcopal church.

A meeting of dry workers will be held at 7:45 o'clock Tuesday night in the First Methodist Protestant church. Rev. W. Gaylord James, pastor of the First Baptist church, will deliver the principal address of the evening.

The certificate of interest was received by Secretary A. L. White from the office of the secretary of state. The institution was founded in 1902. Dr. R. J. Marshall is president of the concern, T. H. Fisher, vice president and treasurer, and A. L. White, secretary.

BONUS FOR WIDOWS AND DEPENDENTS OF YANKS

WASHINGTON, Oct. 28.—A bill providing for a bonus of six months' pay for the widows and dependents of men killed in the war, was favorably voted upon today by the house military affairs committee.

SENATE

Continued from Page One

Hitchcock said. The merits of the bill or of the president's action, he did not wish to pass upon, he added, but he did think the senate "should proceed with consideration of the treaty."

WASHINGTON, Oct. 28.—The anti-prohibitionists have their dander up today. Outgeneraled by the dries in the house, after President Wilson had vetoed the prohibition enforcement bill, the wets today turned to the senate in the hope that body would support the veto from the white house.

The president's veto was over-ruled in the house by a vote of 176 to 55 late last night, when less than half of the members were present and after the dry leader, Representative Volstead, had announced that the veto would be brought up for a vote on Thursday.

Little hope was placed today in the belief that the senate would sustain the presidential veto, for the senate is politically dry.

Senator Sheppard, the prohibition leader in the senate, was so confident today of a victory that he predicted a five to one vote against the president's veto. Senator Underwood of Alabama, who is not a prohibition supporter, was ready to admit that the veto would not be sustained.

In some circles today it was anticipated that the quick action by the house in defeating the president's veto might arouse his anger to such an extent that he would lift the ban on war-time prohibition at once.

FIVE ARE DEAD; OLIVES BLAMED

Detroit Has Case Similar to Fatal Canton Dinner.

As a result of the death of five persons from poisoned olives eaten at a banquet last week in Detroit, stocks of ripe olives in Detroit retail stores are being confiscated wholesalers have been ordered to discontinue the sale of both ripe and green olives and hotels have been advised to strike the fruit from their menu, according to a dispatch Tuesday to the Review.

Chemical analysis of the olives eaten at the function showed the presence of deadly bacilli similar to those discovered in olives used at the banquet at the Lakeside Country club, Canton, several weeks ago which resulted in the death of seven guests and club attendants.

Circumstances of the Detroit tragedy were practically identical to those surrounding the function at the Canton club, held by Mrs. Helen Sebring Gahris in honor of Col. Charles Weybrecht, Alliance, both of whom were victims of the banquet.

Department of health officials in Michigan Monday decided to ask ban on the sale of olives throughout the state.

BRIDGE WILL BE BUILT HERE

As part of the safety first campaign now being conducted by the Pennsylvania railroad and all other roads over the country, an overhead bridge, from the railroad yards to Main street, will be constructed here, if permission is secured from council.

The city solons will meet Tuesday night. The proposed railroad bridge will likely be one of the first matters to be considered by the council members.

According to Cleveland and Pittsburgh railroad officials here the bridge will be built over Main street at Fifteenth street. Steps will lead from Main street to the bridge above. The construction of the bridge, it is claimed by railroad officials, will eliminate the danger incurred by railroad workers while going to and from their duties.

The ordinance authorizing the grading of Chester avenue from Fifteenth to Seventeenth streets and the construction, at this portion of the thoroughfare, of a gutter and curbing, will also be up for consideration by the solons.

The most of the business at the last meeting of the solons was held over till the session Tuesday on account of the absence of two of the members.

SEEK RECORD IN DRIVE HERE

The largest enrollment in the history of the Wellsville chapter of the American Red Cross is expected as the result of the November 2-11 drive, it was stated by officials of the organization Tuesday.

"We want every man, woman and child in Wellsville, as members of the Red Cross here," was the declaration of one members of the organization Tuesday.

At present, it was stated, there are about 3,000 members here. The coming drive will include the enrollment of children of school age.

Members of the Red Cross will meet in their headquarters on the public square for the purpose of choosing the chairman to conduct the third annual roll call.

A new executive committee, it was explained by Red Cross officials, will be chosen also to succeed the thirteen retiring members.

SHOPMEN MEET IN PITTSBURG

Employees of the Cleveland and Pittsburgh railroad shops at Wellsville, representing the six different crafts, were in attendance Monday at the meeting of shopmen at Labor Temple in Pittsburgh.

Approximately 400,000 railroad shopmen met in Pittsburgh to discuss proposed solutions to problems induced by present day wages and the high cost of living. E. R. Baker, of Pittsburgh, president of the sheet metal workers, was elected president of the convention. The convention, which will continue through Wednesday was called by Local Federation No. 10, Baltimore and Ohio Railroad System, against the advice of B. M. Jewell, it is said, acting president of the railway employees' department.

On August 26, a referendum vote was conducted throughout the country by the railway shopmen to determine whether they would stick to their original demand of 85 cents and hour for machines, 60 cents an hour for helpers and 10 cent increase for apprentices.

More than 200,000 men voted and less than 5,000 declared themselves against striking. The walkout, planned for September 2, was postponed 90 days on the suggestion of Acting President Jewell. The time limit has about elapsed and the delegates here today will discuss future action.

Another question to be considered is the probable return of railroads to private ownership, according to original arrangements of President Wilson.

Health Board Meeting.

The regular monthly meeting of the board of health will be held Wednesday evening. The board will probably hold their session in council chamber or mayor's office.

Bible School Leader to Speak.

W. G. Louck, of the State Bible School association of Christian churches, will give an address before a joint meeting of Sunday school workers from all evangelical churches in the city at 2 o'clock next Sunday afternoon. Mr. Louck will speak at the First Christian church.

Charles Lambert Fined.

Charles Lambert, colored, was fined \$10 when he pleaded guilty to a charge of disorderly conduct in mayor's court Monday.

Meeting Postponed

Because of lack of quorum, the meeting of the Wellsville Ministerial association, which was to have been held Monday afternoon, was postponed until Tuesday, it was announced by officials of the organization. The ministers will meet at 1 o'clock at the First Methodist Episcopal church.

SALEM ELEVEN HERE SATURDAY

Wellsville High expects a record-breaking crowd out to see the game with Salem here Saturday afternoon.

The Salem squad is hot on the trail of county championship honors and is still in the running, having been undefeated by any county team. Wellsville has suffered only one defeat, that occurring last Saturday when Coach Van Tilburg took his team from the paying field following alleged unfair treatment at the hands of Referee Steele. As a result of the trouble Coach Van Tilburg will refuse to consider Lisbon high school athletic teams in future years when making up schedules. Salem high is also on the outs with Lisbon having cut off athletic relations with the county seat school several years previous.

Wellsville still has a chance to win the championship, if the Quaker City squad is overturned here Saturday. Coach Van Tilburg will have his gridders out for practice Tuesday evening in preparation for the visitors from the north end of the county, and every evening this week until the day of the game.

W. C. T. U. Meeting.

Members of the Wellsville Christian Temperance Union will meet Tuesday evening at the home of Mrs. E. B. Renout in Tenth street.

AT the Theatres

"SACRED SILENCE" IS AMERICAN FEATURE

The far-reaching effects of a woman's sin constitutes the basic idea for the new William Fox photoplay "Sacred Silence," which comes to the American theater Wednesday with William Russell as the star. Critical reviews indicate one of the greatest stories ever shown on the screen, for the daring revelations of life at an spectacular to a degree.

An unscrupulous woman whose vanity seeks to make every man her victim is responsible for the tense situation which opens the story and which compels a valiant young captain, with whose destiny the story is chiefly concerned, to desert from the army and become a delinquent in the great city. An unusual cast supports the new Fox star.

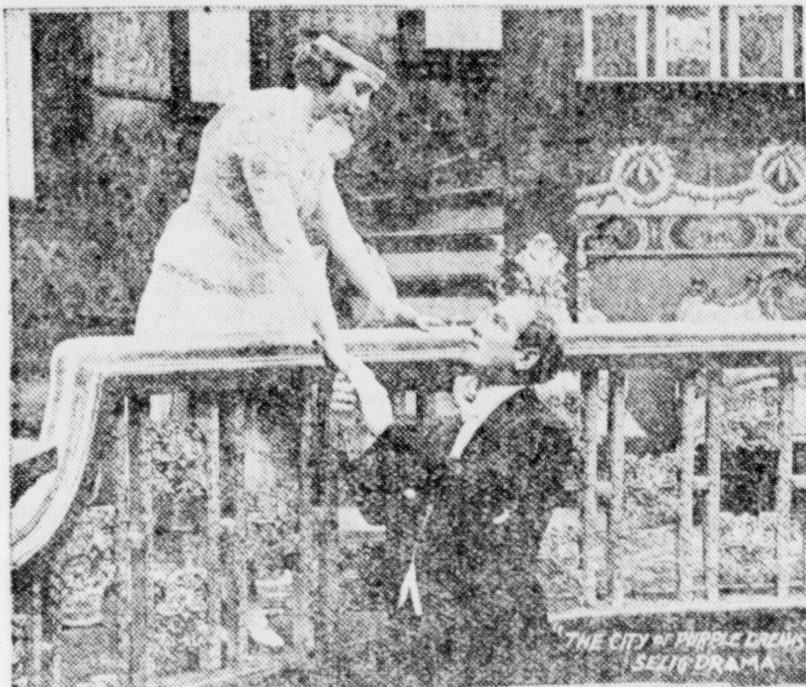

"THE WANDERER," FILM BOOKED BY CERAMIC

There were wine openers and liberal spenders even in old Jerusalem, and prohibition was never dreamed of, if one may judge by the striking character of the Sea Captain in "The Wanderer" the great Biblical play which F. Ray Comstock and Morris Gest will present at the Ceramic theater Tuesday and Wednesday, Nov. 4-5, with special matinee Wednesday. This picturesque figure of the Sea Captain is one of the most novel conceptions evolved by any dramatist in recent years. He appears in the second act of the play, showing the revels of the idolaters, where Jether, the Shepherd, boy from the hills of Hebron is squandering his last shekel in a vain effort to retain the love of Tisha, the attractive siren who has lured him to sack.

Don't Spoil a Good Meal With a Bad Stomach

If a physician, a specialist in stomach disease, came to you and said: "I will fix up that miserable, worn out stomach for you or money back." "I will make it as good as new so you will not suffer from any distress and can eat what you want without fear or suffering, or money back would you turn down his offer?" And when you are offered Mi-na stomach tablets, made from a prescription better than many of the stomach specialists know how to write, are you going to be narrow minded and continue to suffer from indigestion, or are you going to be fair to yourself and try Mi-na on the money back agreement.

Mi-na stomach tablets are offered to you on this basis, that if they do not put your stomach into such good shape that there is no dizziness, sour stomach, biliousness, sick headache, and stomach distress, your money will be returned. For sale by Bulger's Pharmacy and all leading druggists.

rice everything. As Jether's fortunes wane, the great Sea Captain appears upon the scene as a rival for the affection of Tisha.

The Sea Captain is played by Richard Thornton, six feet three inches tall and weighing over 350 pounds. He is described as Pharis, a Syrian sea captain of enormous wealth.

THE THREATENED COAL STRIKE.

"The strike order stands!"

This declaration Monday by John L. Lewis, acting president of the United Mine Workers of America, indicates there is little likelihood of averting the threatened walkout of coal miners, scheduled to take place Nov. 1.

Lewis' statement was issued in answer to President Wilson's demand that the coal miners' union rescind the strike call.

Just what action will be taken by the government in the event of the strike has not been announced by the Washington administration, although it is intimated the general program has been worked out by the cabinet.

Perhaps the government proposes to follow the course contemplated by the late Theodore Roosevelt, while he was in the white house, in connection with a threatened coal strike. Roosevelt announced if the strike actually started he would take control of the mines and operate them in the name of the United States.

That could be done under the police powers of the government. There are military forces enough to maintain order. If it were a question of digging coal or freezing the nation, men might be drafted for that purpose.

The miners will do well to consider this possibility. In the case mentioned, miners and operators both took the hint, and there was no strike.

The public hopes that the differences are adjusted. Surely there is some way out of the dispute.

IDEAS FROM EUROPE.

That the European business man can do a surprising amount of work and still give the appearance of leisure is a statement made by a writer in "System."

In the first place, a man of any importance whatsoever has a plan for each day's work. He does not allow this to be interfered with by casual callers or by telephone talkers. He is protected from the latter just as he is from the former.

In Holland, the typewriter is used much more expediently than with us. Instead of waiting for a girl to be free from dictation, any man who has a moderate amount of correspondence to take care of has his own machine beside his desk and writes his half-dozen or so letters a day, and the job is done.

Some of the examples of meeting business callers as if they were in a drawing-room, and of having special reception rooms for business guests, strike the ordinary American as extreme, and more punctilious than effective. The idea that a big executive should have his office away from his factory or workshop so that he may not be called upon for details which his subordinates could settle seems superfluous. A big executive is superior to his environment.

But the last of these European models deserves emulation everywhere in America. The writer calls it "courtesy at the front door." Abroad, he says, someone who does not think it extraordinary that you want to see some one in the office, or talk with someone on the telephone, will take your name and errand and see that you are waited upon. To have a boy or girl merely say, "No, he ain't in," with immediate disconnection of the phone or withdrawal of attention, is rather the rule than the exception in business offices in this country. This is neither good manners nor good business.

WAGNERIAN CRITICISM.

The war against Wagner continues merrily. New York crowds persist in showing their disapproval of all things German by rioting when German opera is produced, rotten-egging the performers and fighting the police who seek to preserve order.

The recent riots seem to have been conducted largely by war veterans. The Lexington theatre was attacked by a column of soldiers, sailors, marines and civilians who formed in Times Square and marched there for that purpose. When the police interposed, the assailants fought with milk bottles for grenades. Meanwhile musical critics inside the theatre showered the stage with eggs.

Such proceedings fill people at a distance with what Artemus Ward used to call "mixed emotions." There is no present enthusiasm in this country for things German. Even German music, which, though doubtless over-rated, was one of the least objectionable and least Prussian of German products, is still under a cloud of unpopularity. Still, the war is over, and there is no use trying to maintain a permanent feud against any sort of art.

For Wagnerian opera the general American public has no great enthusiasm, and never had; but it may be granted, in moments of calmness, that it is all right for those who like that sort of thing. Nobody is compelled to go and listen to German operas, or Sinn Fein oratory, or Theosophy lectures, or Emerson readings, or Senett movies, or meetings for or against the League of Nations, or any other form of public assemblage.

Why take this so seriously?

WOMEN'S GYM AND HEALTH.

From La Salle, Ill., comes word of a thriving gymnasium class at the Social Center. This class meets on Monday evenings and is composed of many women of the community. There is a special instructor, and enthusiasm is running high.

This year there are between 70 and 90 in the class, an increase from 30 members in the preceding season. They are going through regular "gym" work—calisthenics, marching, folk dancing and games.

The community gymnasium class is an excellent thing for women. The Y. W. C. A. in many localities furnishes such health-building and recreational facilities for high school and working girls, but too often the married women of the community are not interested in such opportunities. Their days are so full of active work about their own homes that they do not realize the need for directed physical exercise, or the fun of relaxing in an occasional evening of games or folk dancing with their neighbors.

Every community should have its women's gymnasium—whether located in a neighborhood church, in the schoolhouse, at the Y. W. C. A. or the social center.

NEW YORK LETTER

By O. O. McINTYRE.

NEW YORK, Oct. 28.—A page from the diary of a modern Samuel Pepys: Up and to the Ansonia tavern, a chill frost being in the air, and rapped smartly at the door of Sahib Hanja, the Indian painter, a man of profound erudition and bath the skin of seal parchment and a certain exotic culture that charmed. I felt like a buff-head.

And in especial when he dropped into French albeit I made a brave show of my slight knowledge when he inquired of my daily walks and I replied "Pour passer le temps." So next it was that I rushed home to tell my wife, poor wretch. It being the only French phrase I know, it fitted in nobly. Thence to my dentist, who hurt me not at all.

Home where I went to the basement and had a merry discourse with the furnace man and young Tom, the package and lift boy, as I now-a-days often do, finding them likable and companionable. I write a letter this day to my surmount maker who has overcharged me and it was spiced with venom and now I am sorry.

Through the town, finding much extravagance among all classes and met H. Walpole, the British pamphleteer, a good humored fellow. All the talk is of Lord Woodrow and the hope he may soon be restored. Mistress Betty came to tell she had lost her position and my wife wept and I did too and I am so awkward at asking favors that I know not how to get her a place yet. I am resolved to try.

All the evening, putting about my typing machine which strikes badly and got ink and oil over my shirt and waistcoat and was so scolded by my wife that I went to bed sulking and talked not at all.

There is joy in life over on the East Side. Everybody has been glooming around over the war and the high cost of everything. The Y. M. C. A. decided that the East Side needed pecking up—they were having too much work and not enough play. And so the idea for a neighborhood song service was born. A motor truck was equipped with a piano and stereopticon. The song leader simply asks everybody to sing. At first they are shy, but soon they get the spirit. After a whirl at the old time songs, the leader with the help of the stereopticon teaches them the Broadway hits and old graybeards may switch from "Farmer in the Dell" to sing "The Vamp" and "Lullaby Blues"—to which they dance the shimmy in the cabarets.

The testimony of the waiter, the barber and the hat checker is that of all those who tip the New Yorker is king, both as to liberality and frequency. It isn't much to boast about, but it is true. The hotel bell boys say all of the dime tips come from the out-of-towners. A New Yorker fears to tip any amount less than that. The idea of tipping has become ingrained with the New Yorker. It suggests itself automatically when anything is done for him. The stranger does not know when to tip or how to tip and holds back often because he thinks he may give offense. I have never seen any man refuse a tip in New York or a woman either.

With the return of autumn comes a revival of the indoor sports, and the Metropolitan Museum of Art finds its visitors increasing. There is a new thrill there now. Just to the right of the main entrance they have the sarcophagus of Uresh Nofer. Uresh Nofer, as of course any reader knows, was a priest of the goddess Mut. The museum visitors are a queer lot. They look as if life was a tragic thing and that they must make the best of it by digging as deeply as possible into the past. Of course there are a lot of "mere rubber-necks" who go there just to have something to talk about when they get up. But mostly the visitors are serious thinkers with bulging foreheads—the kind who carry umbrellas all day long if they think it might rain.

It means the end of "corn-fiddling." For hard corns, soft corns, very old corns, young corns, corns between the toes and calluses, it means a quick, certain finish. "Gets-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. As easy to do as signing your name. It does away forever with tape, plasters, bandages, knives, corn-diggers, scissors, files and blood-bringing razors. Ease your corn-pains, be corn-free at last. "Gets-It" the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfgd by E. Lawrence & Co., Chicago, Ill. Sold in East Liverpool and recommended as the world's best corn remedy by Carnahan's Pharmacy, T. R. Ashbaugh, Bulger's Pharmacy, Jesse D. Holloway, C. G. Anderson and John Hodson.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark Glossy.

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

SEEK CLOTHING FOR DESTITUTE

Dr. L. Larsen of New York, chairman of the European relief committee of the National Lutheran Council, just returned from an extensive trip through the middle west in behalf of the relief work, reports that Lutheran churches everywhere are in line doing their utmost to gather clothing and money for the needy of Europe. The states covered by Dr. Larsen were Ohio, Wisconsin, Iowa, Nebraska and Kansas. These are among the strongest Lutheran states with a Lutheran constituency of over 750,000 adult members. Dr. Larsen attended the organization meetings in person in order to get full and quick support for European relief work.

In commenting on his trip Dr. Larsen said: "We met with fargreater response in the middle states than in the east. That may be due to the fact that more appeals have come to our people in the east. It may be due to the fact that those people have more initiative. They certainly take hold more quickly and aggressively. The states which I visited are thoroughly organized. Shipping centers have been established in practically all of them and the state committees are planning to send clothing in carload lots as fast as they can get it together."

BAN AUTO PARKING ALONG PARADE ROUTE

Orders were issued Monday by Chief of Police Hugh McDermott to members of the police department to prohibit the parking of automobiles along the line of march for the military parade Friday.

"There will be plenty of parking space in Fourth street and adjacent streets," said Chief McDermott "without stringing a line of cars along the route of the parade."

The parade will traverse Broadway, Sixth Jefferson and Fifth streets.

PLAN TO BUILD NEW REST ROOM

A rest room for women employees, costing approximately \$12,000, is to be built by the Chester works of the American Sheet and Tin Plate Company. This announcement was made Monday by officials of the company.

The size of the new addition will be 48 feet long and 24 feet wide. A porch 8x24 feet, will be built along the front of the building. It will be roofed with galvanized shingles.

The new building will house a wash room, lockers, toilets and baths and will be for the use of the women employees only. It will be heated with steam, lighted by electric current and have sanitary concrete floors. A restaurant and lunch counter will be operated in connection.

Seats are to be built in the wash room, while chairs, tables and couches will be placed in the lounge room. The contract for the building will be let within the next week or ten days in order that the work can be rushed before cold weather develops.

A special revival campaign has been inaugurated at the Chester Free Methodist church, corner Second street and Church alley. Rev. A. D. Zahneiser, general conference evangelist of Greenville, Ill., is assisting Rev. E. J. Atkinson, pastor of the church, during the campaign.

BAN RIDING OF BICYCLES ON SIDEWALK

The practice of bicycle riding on the sidewalks must be discontinued at once, according to a warning which has just been issued by Mayor W. R. Dalrymple. Chief of Police J. R. Dolby has been given instructions by the mayor to arrest offenders of this order.

A local lad was arraigned before the mayor Monday evening charged with the offense. He was apprehended riding a bicycle down the sidewalk Monday afternoon by Chief Dolby, who ordered him to report at the mayor's office. After a lecture by the mayor, the lad was dismissed without being fined.

"The practice of riding bicycles on the sidewalk is dangerous to pedestrians," said Mayor Dalrymple Monday evening, "and its practice will not be tolerated."

CHICKENS RUNNING AT LARGE, IS COMPLAINT

Notwithstanding the fact that the gardening season is over, chickens, owned by persons living within the Chester city limits, must not run at large. This is the order which has been issued by Mayor W. R. Dalrymple.

Several complaints have been made to the city officials of chickens being permitted running at large. Those who fail to heed this warning will be arrested, brought into court and fined, the mayor has announced.

Considerable trouble was experienced here last spring by chicken owners, who allowed the fowls to run loose. It was not until the officials issued a warning, threatening heavy fines that the practice was discontinued.

COUNTY HIGH GRIDDERS WIN

Completely outplaying their opponents, New Cumberland high school came out victorious in the first game of the season on their home grounds, last Saturday afternoon, when the Leetonia high school was defeated 75 to 0.

Leetonia thus far this season had established a good record for itself and the county seat lads were expecting a hard fought game. However, the Ohio boys showed early in the game that they were no match for the New Cumberland eleven and they were played completely off their feet, the home time scoring at will.

New Cumberland scored in every quarter of the game. The entire backfield of the down-river eleven starred, while the line was helped greatly in winning the game.

The New Cumberland team has lost but one game so far this season, that being with Steubenville in the opening of the season. Steubenville was to have played a return game on the New Cumberland gridiron but recently cancelled, failing to state the reasons. The New Cumberland team claims the championship of the Ohio valley, now that Steubenville has failed to meet them.

PERFECT MERCY DRIVE PLANS

"Over the top on the first day" is the slogan of the committee in charge of the American Red Cross Roll Call campaign which will be formally inaugurated in Chester next Monday morning.

Final plans for the membership drive in Chester are now being formulated by the local committee of which F. S. Huff, Jr., is in charge. A house to house canvass will be made by the several campaigners who will make every effort to complete the work here during the first day of the drive.

Mr. Huff has announced the following district chairmen: Mrs. W. C. Lynch, that part of the city lying east of Sixth street; Miss Beatrice Murray, between Fourth and Sixth streets; Mrs. James Stephenson, between Second and Fourth streets; Mrs. F. S. Huff, Sr., that part of the city lying west of Second street.

Each district chairman will be permitted to select her own aides, in the solicitation of memberships. Enough workers will be enrolled to complete the house to house canvass during the first day. Three or four teams will be named for each district.

Already advertising matter has been distributed throughout the city, seeking to stimulate the work of securing members. The membership fee is \$1 per year. Most of the money realized in this campaign will be used in Home Service work. No subscription campaign for the Red Cross will

A sore throat is a good breeding place for Diphtheria germs. Protect your children by never neglecting a Sore Throat. You can wisely depend upon TONSILINE. Give Tonsiline upon the first appearance of Sore Throat—don't give Diphtheria a chance in that throat in its weakened condition. When TONSILINE is swallowed it comes directly in contact with the diseased surface and induces a healthy condition of the membranes—then the system can better defend the throat if attacked by Diphtheria germs. Keep TONSILINE in the house where you can get it quick when needed. 35c., 60c. and \$1.00.

ODD FELLOWS WILL
VISIT PENNOVA LODGE

Change Route of Cars.

Because of the improvements to Market street, between Fourth and Fifth streets, the Newell street cars are operating to the corner of Fourth and Market streets only. The crossing over the Steubenville, East Liverpool & Beavers Valley Traction company tracks at this point is being torn up in order to complete the improvement to the street. The Newell cars are using the piece of track between the corner of Fifth and Monroe streets and Fourth and Market streets for both east and west bound traffic.

Beauty Answers
By MADAME MARES

MISS F. K. L.—Making the pores smaller has a direct and tremendous result in the elimination of wrinkles. The reason for this is that when the pores become smaller the texture of the skin becomes finer, and the tissues are thereby braced up. Coarse skins are usually full of wrinkles. Just try this method once and you will realize that you have found a powerful wrinkle secret. Get a two-ounce package (50 cents worth) of epitol from your druggist, and mix this powder with one tablespoonful of glycerine in a half pint of water. Apply this cream very freely on the face every day, and you will be astonished to find the difference it will make in your appearance of age. It removes the thousands of small wrinkles, crows feet and even the deep wrinkles. Try it.

"EPTU"—A glorious head-wash. Yes, here it is, and a wonder, too! Just dissolve a teaspoonful of egol in half a cup of water, and use as a head-wash. You will be surprised at the remarkable cleanliness of your scalp and the glossiness of your hair, as a result. For twenty-five cents you can get at the drug store enough egol to last for many weeks.

MISS M. O. N.—A really wonderful way, and the easiest and quickest, to remove superfluous hairs is to dissolve them. This is done by moistening the hairs with sulfo solution, which you can get at any drug store for one dollar. This never leaves a scar or red spot, always works, whether the hair is very thick or downy, and on the most delicate skin. It is the only safe way, and is exceedingly simple and quick.

Asserts New Discovery
Brings Blessed Relief To Rose
and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs al-

most nothing. Get a one ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

REVENUE MEN READY TO ACT

Armed with authority to aid in the enforcement of the national war-time prohibition law in the event it is signed by President Wilson, Louis Steinfeld, deputy collector for Columbiana county, has returned home from Cleveland where he attended a conference of zone revenue officers in the office of Collector Harry Weiss.

The new act which becomes effective Tuesday prohibits traffic in liquor throughout the United States. Pending the establishment of a permanent enforcement organization revenue officials have been instructed to enforce the new law.

"Contrary to the popular belief," said Deputy Collector Steinfeld Monday, "the revenue officers will not carry loaded revolvers and knucklers and will not invade the sanctity of the home. We will probably be called to Cleveland for another conference when we will be given instructions in our new duties."

ASSAILS PRESIDENT'S VETO OF DRY LAW

COLUMBUS, Oct. 28.—Declaring that President Wilson's veto of the prohibition enforcement bill is a dangerous step and that there is less apparent reason for such action than there would have been for a veto of the war-time prohibition, Ernest H. Cherrington, secretary of the Anti-Saloon league of America said today that the prohibition laws will never be enforced as they should be unless a president is elected who favors prohibition.

"It is remarkable and unprecedented in the history of the United States that the chief executive should veto a measure which provides for the enforcement of law," said Cherrington.

"FIDDLE-FIT"

Keep Liver and Bowels Clean and Active with "Cascarets"

Sick headache, biliousness, coated tongue, sour, gassy stomach—always trace this to torpid liver; delayed fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will have you feeling clear, rosy and as fit as a fiddle by morning. They work while you sleep.

DROP WICKETS AT DAM NO. 8

In anticipation of predicted rains, orders have been received at government dam No. 8, just below here, to drop the wickets a short distance. Similar instructions have been issued by the United States district engineer's office in Pittsburgh to all locks in the Pittsburgh district.

A full pool exists in the Ohio river at this point now and the water is but three-tenths of a foot from the top of the wickets. If a high stage of water should result from the approaching rains, the wickets at their present height would be difficult to lower. In compliance with the orders just received the pool here will be lowered from 15.1 feet to 14.8 feet.

The steamer General Crowder, Pittsburgh to Charleston, passed here Saturday with 175 tons of merchandise and 21 passengers aboard.

BRIGHT SPOT IN THE DAY'S NEWS

Ah! Mansfield girls are going to have their pictures "took." The thriving Richland county capital believes that its daughters are just as good to look upon as any of the others who are seen in the movies and so the girls are to be photographed and put into a movie, along with the social and industrial activities of which the city does not take a back seat for any other community. And the picture is going to be shown in a theater and the city will turn out as one man and one woman to look upon their favorites.

CHICAGO PAPERS CONSUME 5,000 SPRUCE TREES DAILY

CHICAGO, Ill.—The newspapers in Chicago alone consume daily more than 5,000 spruce trees of average size in the form of pulpwood, said the industrial commissioner of the Canadian National Railways at the exposition of Chemical Industries held recently in Chicago. One edition of a large Chicago daily he adds, requires the spruce of 30 acres of forest. With but 1-15th of the world's population, the United States consumes one-half of the world's production of paper.

The Best Cough Medicine.
"I have found Chamberlain's Cough Remedy to be the best medicine for coughs and colds I have ever used," writes Mrs. Walter Oram, Frankfort, N. Y. "I never tire of recommending it to my friends. Last winter when my son Carl, nine years of age, had an attack of croup I gave him Chamberlain's Cough Remedy and it relieved him immediately. I always keep it in the house and whenever we have used it the results have been satisfactory."

RECORD PUMPKIN CROP IN EASTERN OHIO

ST. CLAIRSVILLE, Oct. 28.—Producing record pumpkin crops seems to be the favorite diversion of eastern Ohio farmers this fall. Jacob Stindlinger, of Rayland, Jefferson county, wins the prize for weight, his potential pie filler weighing 105 pounds and

being six feet, four inches around its ample waist. Frank Sultor, of Woodfield, capital of Monroe county, has on exhibition a pumpkin weighing 107 pounds. The waist of his prize is not given in dispatches from Woodsfield. For the greatest number of pumpkins on one vine Charles Rothgeb, of Fairview, a national road town, half in Belmont and half in Guernsey county, ranks first with 102 while A. P. Hardisty, of Colerain, Belmont county, has 72 on one of his corn row adornments.

To Observe "Temperance Sunday" "World's Temperance Sunday" will be observed in East Liverpool churches next Sunday, November 2. Appropriate services are being arranged for the day. Pastors in several churches are planning special sermons for the occasion.

WELLSVILLE HIGH SEVERES RELATIONS WITH LISBON

GAME SATURDAY CAUSES ACTION

Wellsville Officials Charge Unfair Tactics on Part of Referee Steele—Coach McCauley Will Claim Game as Victory, He States.

As a result of trouble at Lisbon Saturday afternoon when Wellsville High school forfeited to the county team, 1-0, in the second period of the game, athletic relations between the two schools have been severed, it was stated Tuesday by Coach Van Tilburg, of the Orange and Black squad.

"As long as I have anything to do with Wellsville athletic teams I will engage in no contests of any nature from Lisbon high school," said Coach Van Tilburg.

The Orange and Black tutor stated that he is satisfied that he was in the right when he took his team off the field in the second period. Umpire Kelley charged that Referee Steele of Lisbon was partial in his decisions; that he penalized the Wellsville squad repeatedly, for holding.

In his opinion Wellsville was entitled to the touchdown made in the first period. Referee Steele ruled out the score charging the Orange and Black team was holding, it is claimed.

Rev. P. W. McCauley, pastor of the First Presbyterian church at Lisbon, and coach of the high school squad there, said Tuesday that in his opinion there was no reason why Lisbon should not include the game as a victory when the winner of the county high school championship is determined at the end of the season.

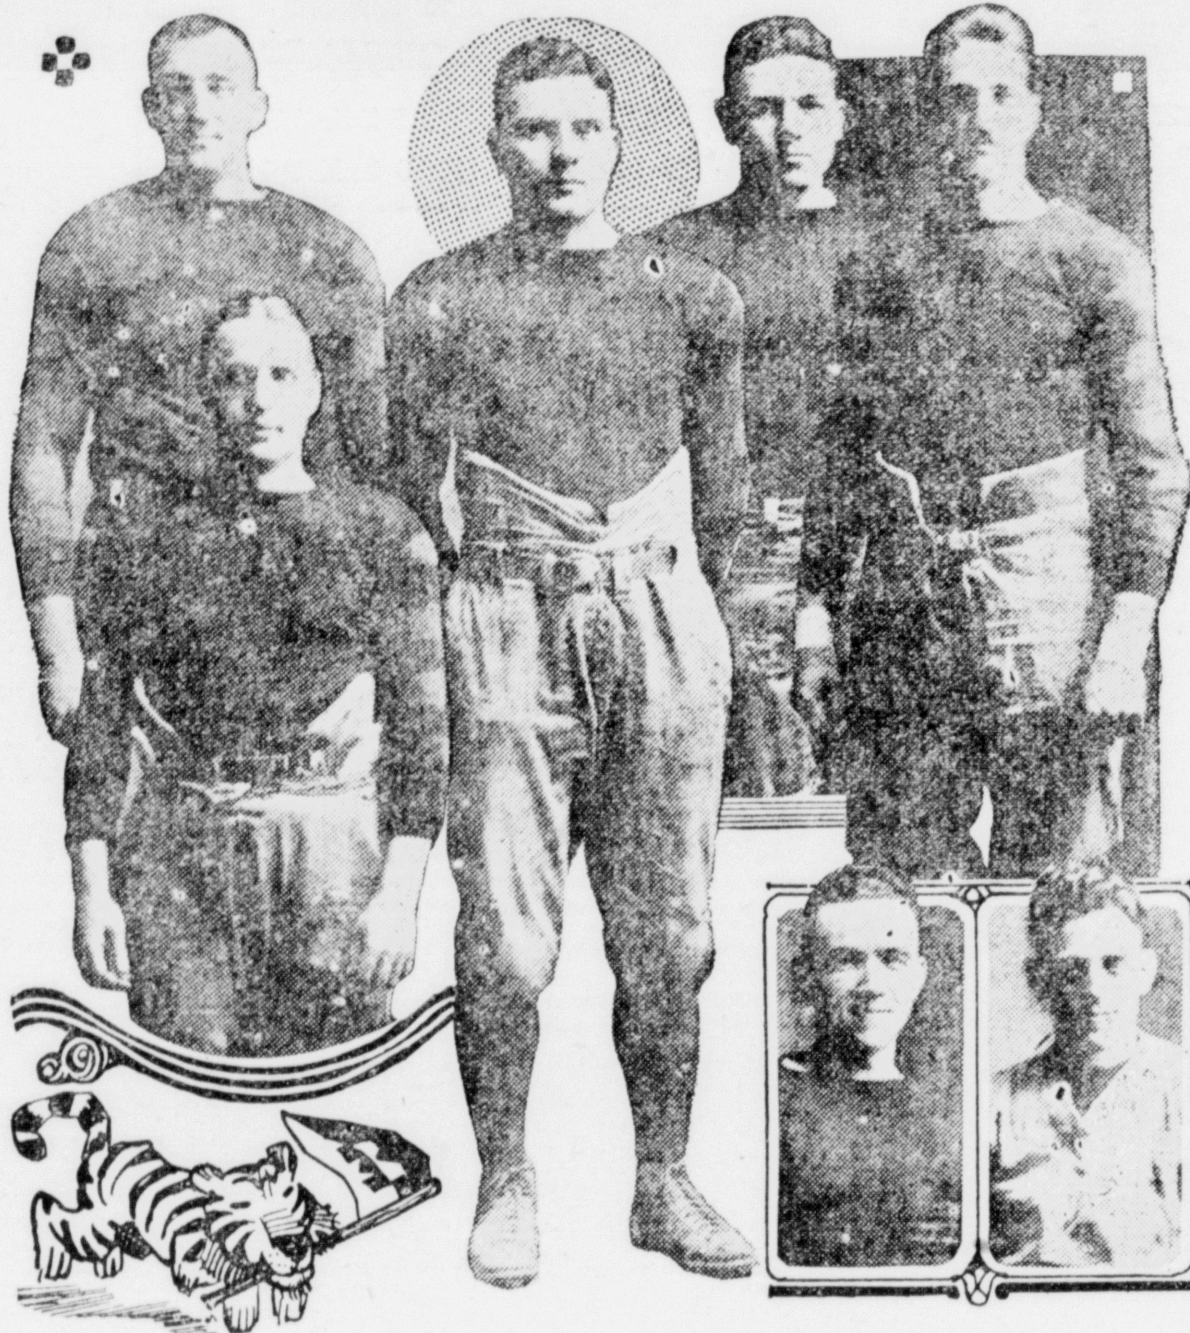

In the first quarter, said Rev. McCauley, Pritchard ran the left flank of the Orange and Black for a touchdown, covering fifty yards in his run. Umpire Kelley said that one Lisbon player was offside when the ball was snapped to Pritchard and for that reason called the play back.

Rev. McCauley was positive in his assertions that Wellsville was penalized at least four times for slugging, the fourth penalty being the occasion of the withdrawal of the Wellsville outfit from the scene of the battle.

"In my opinion Referee Steele acted impartially in the matter of refereeing. I believe he did his best. In fact, I think that both officials, Steele and Kelley, attempted to give the players a square deal in the matter of decisions," contented Coach McCauley. He also asserted that Umpire Kelley coached the Orange and Black all through the game, as far as it went.

Coach Van Tilburg said that he would not protest the game and that if the Lisbon school desired to count it as a victory, he did not care.

TIGERS SET FOR SERIES

Some of the All-American stars on the Massillon team. Above, left to right: Thornhill, Stanley Cofall, Tressell and Bob Nash. At left center is Bob Peck. Smaller pictures below are of Pat Herron, at left, and Gus Dorias.

BY N. E. BROWN

The two greatest football rivals in the world are at it again. We refer to the Canton and Massillon, O., professional teams.

For fifteen seasons—this is their sixteenth—the Massillon Tigers and what has come to be the world's professional grid championship. Unlimited funds have brought the greatest players of the country into the lineups so that the title of the world champion could be tackled to the winner each year.

The rivalry began back in 1904 when Canton imported the first outside star to give it a stronger team. But the two cities haven't had the "world's series" to themselves. Akron and Shelby have tried repeatedly to gather together teams which could cope with them, but the title always has remained in Canton or Massillon.

Cleveland has tried, too, to develop a team worthy of a crack at the old-timers but so far has fallen a bit short.

This year the Bulldogs and Tigers will play two games—both at Canton—Nov. 16 and Nov. 20.

Massillon has a team of all-American stars collected that would knock your hat off. The list gives the impression that Manager Jack Whelan had just picked up a copy of Walter Camp's all-American selections for the past few years and then hopped on a train to line 'em all up.

Members of teams that are doomed to tackle the Tigers this year may read them and weep.

Bob Nash, tackle, all-American end while at Rutgers.

Bob Peck, center, all-American center at Pitt.

Tressell, end, all-American end at

W. & J.

Thornhill, tackle, all-American man at Pitt.

Stanley Cofall, captain and fullback all-American selection at Notre Dame.

Pat Herron, end, all-American end while at Pitt.

Gus Dorias, quarter, all-American star at Notre Dame.

All of these men were picked as the best in the land by Camp.

Jack Whelan has taken the team under his wing, so to speak, as a hobby. He is superintendent of the Wheeling and Lake Erie at Massillon and an official of the Massillon Coal Mining Co.

St. Clairsville — Due to the many state issues to be voted upon at the November election, an exceptional number of absent voters' ballots has been cast in Belmont county.

SPORTING GOSSIP

EDDIE CARRIHER OUT OF GAME WITH THREE BROKEN RIBS

Eddie Carriher, Veterans of Foreign Wars' star center and all around valuable player, may be out of the game for the rest of the season. Carriher stated today that a physician's examination showed that three of his ribs on the left side are broken. Beside that several ligaments in his right shoulder were severely hurt and his right hand badly bruised.

Carriher, for the first time in his football career, was forced to leave the grounds Sunday in the arms of his team mates. In the second quarter Carriher was knocked out when giving interference to a Vet who was returning a punt. A physician at the time after a superficial examination of his side, said that no ribs had been broken. It was believed at the time, too, that his thumb was only slightly bruised. The true extent of his injuries were ascertained when an examination was conducted Monday.

Carriher's fortune in bearing his pain could not be estimated until the physician Monday told the extent of injuries. The Vet center walked across the railroad bridge at Martins Ferry, rode the street cars from North Wheeling to Wellsburg, and from there to Steubenville. At Steubenville the Vets partook of a belated supper. Carriher was unable to eat very much. As the squad neared home, after leaving Steubenville, Carriher's spirits seemed to rise and it was believed his injuries were not serious. It is bad enough to get the broken ribs and twisted shoulder ligaments but to have to travel about fifty miles in rough-riding traction cars with frequent changes, is enough to test the endurance and courage of anyone. Carriher proved there was not a bit of yellow in his makeup and has proven it all season by his playing at center. He had no other equal at the center job on the Vet squad and for that matter it has to be proven that he has a superior now playing within the city.

Although Sunday football received a death blow from the member of the Wellsburg council on Tuesday evening, when by a unanimous vote, the mayor and police officials were instructed to enforce the ordinance prohibiting the playing of games on the Sabbath day, the question appears to be very much alive, and advocates of playing the game on Sunday will make an effort to have the matter submitted to the citizens of the city for a popular vote. They base their claim that the game is popular there even on Sunday, on the large number of people in attendance last Sunday, when the first game was played.

Manager George Davidson of the Merchants Athletic club stated a few days ago that four councilmen had expressed themselves in favor of playing football on Sunday, but when the matter was voted on in council, it was evident that these four members had reconsidered the matter. It is not likely that action can be taken in time to affect matters this season, but people will have had a chance to express their opinion on the matter.

The Merchants will not attempt any more games this season, but will play their remaining games away from home. Sunday, October 27, they will journey to Toronto, O., where they will engage in a battle with a fast team from that town.
